What are the spatial attitudes and influences on architects practicing today?

What is their relationship to ideas of technology, place, style and sustainability?

The instructor, students and visiting critics informally present the predominant positions architects have chosen to express in their work. Students question, clarify and challenge those ideas in presentations and discussions.

J.M. Cava has been teaching studios and related media & history/theory coursework for over 15 years. He is an award winning architect, teacher, writer and designer based in Portland.
