4/584 INTERIOR ARCHITECTURE WORKING DRAWINGS WILL BE TAUGHT MONDAY, WEDNESDAY, FRIDAY FROM 1-4:50 p.m.

The STUDIO is taught along with the Working Drawings 4/573 course which includes an adaptive-reuse of a small building space in town and mixes the design with an attention to savvy detailing and sustainable thinking. The COURSE and the STUDIO will cover the elements that comprise a small set of construction documents and will inspire an appreciation of the composition and detail associated with these important documents. Designing by hand and applying it to CAD is required.

If you have questions about this course, please write Alison Snyder absny@uoregon.edu
